The reunion this year is very, very important. It is so important that we announced it in the newsletter on Feb. 4, 1973, so you would have proper time in making your plans to attend. The main subjects this year will center around the formation of our new family record book, Vol. II, the election of new officers, and the possible amending of the by-laws. These are "biggies" and we need everyones opinion; so come give yours. There will be games for the children and a display of family heirlooms. Please bring your heirlooms because these are always interesting to everyone.

Don't forget to mail me the form on the reverse side so we can be sure and have chairs, tables, etc. on hand for the meeting. I'll appreciate it.

 Enclosed are six pages which makes up our current mailing list of our entire family membership. Leo Meerscheidt III and myself have gone to a lot of time and effort, plus the expenses in printing and mailing which the treasury will bear, to mail you this list. Now you are able to know who is in our family and where they all are. I count 354 families and I suppose if you used an average of around four heads per family, it would indicate we have upwards of a thousands people in our family.

In the left column you will see asterisks (\*). These signify we do not have correct addresses, or no addresses, on these members. Would you kindly go through the entire listing and see if you can make any corrections or supply us with addresses which we do not have presently. If you will send me this information, I can better keep the mailing list up to date.

See you on June 24th, 1973, at the Alex Meerscheidt acreage.

ON MAILING LIST. Mr. + Mrs. is implied unless otherwise

Cordially,

*Phil Meerscheidt*
