THE GOOD SHIP

There are parts of a ship which taken by themselves would sink. The engine would sink. The propeller would sink, etc. But when the parts of a ship are built together, they float. So with the events of our lives. Some have been tragic. Some have been happy. But when they are built together, they form a craft that floats and is going someplace. And I am comforted.

We are comforted because we know we are like the ship, many individual families plodding the everyday course of living, hoping at the utmost to find happiness, salvation, and peace of mind. The secret of success is consistency in purpose and, to a degree, we all achieve those worthwhile goals. But, like the ship, when all the various families are "put together," we really form the ship that floats to a greater meaning, still yet to another goal. We call our ship "The Family Association" and though some of the events of the past have come close to being declared "tragic," yet the overall picture of history indicates our ship does indeed float to those greater goals which are our Family heritage, roots, and knowledge of our fellow members through which we find unity, strength, and love. I am comforted.

Our Association has enjoyed many more happy events than tragic ones. Great people from the past conceived this Association and brought it to a reality. They met and formed our Association at the very first Reunion on May 7, 1939, fifty years ago. And it HAS HAD "consistency in purpose." We have met every year since then, save for some WWII years. You are comforted.

Yes, our great ship floats and our great ship is going someplace. For all the past accomplishments of this great Family, we will celebrate our Golden Anniversary on July 14, 15, & 16 of this year. We will give thanks to Him who provided for us and led us, thanks to our many great individual families, and for that great floating ship, our Family Association.

We are comforted.

PLANS

There are many, many plans currently in preparation for this 50th Reunion. Committees are working hard to make this the biggest and best ever. Full details will be sent you in the June Newsletter about three weeks from now, but I do wish to "Push the Button of your enthusiasm" by discussing one situation with you.

On Saturday night, July 15th, we will hold a big dance at the VFW hall in the city of La Grange. Among other things, we have hired a real good band to play there. They come very highly recommended. The cost to the Family for everything including the hall, the band, and anything else, will be \$650.00 total. Your officers contacted have agreed to divide the head-count in attendance into the \$650.00 and whatever that figures to will be the admission charge. Whatever the amount, it will be well worth it because of what's going to happen there. You won't want to miss this social evening, I'm sure. Therefore, the more who attend, the lesser the admission charge will be for each of us. So, "Push Your Button" and get as many members there as you can, after all they need to enjoy it with us. They need their "Button Pushed!"

WE NEED YOUR STORY!

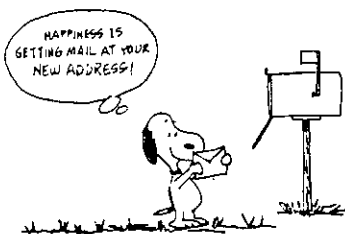

Please, please, Button-Pusher, if you have news of any of your family members, please send it to me quickly and perhaps have it included in the upcoming June Newsletter

THE MAILING LIST

It's time once again to work on our Family mailing list. Like washing the dishes, this task never comes to an end. There are 99 names listed below. Their Newsletter returned from the last mailing. The addresses you see ARE WRONG! If you have any current, correct addresses for these folks, please send them to me immediately so I can mail them this Newsletter. If you have family members whom you know have recently changed their address, send them to me, also. Please do your part to help relocate these members. The loss of 99 households is a tragedy to our floating ship and I ask you to "Push the Button of Enthusiasm" and help alleviate this situation.
